## Special Feature

### BOUCHÉ PÈRE & FILS 2004 CHAMPAGNE

*Exclusive, Direct-Import from France*

Cheers! It's time for our celebrated Champagne Special Feature and this year, we are pleased to offer an exclusively imported, highly-rated selection from France's esteemed Bouché Père & Fils in Pierry, centrally located within the Vallée de la Marne district of Champagne, France.

Founded in 1920 by Abel Bouché, Bouché Père & Fils is a rising star Champagne producer with a growing worldwide reputation for their limited bottlings of authentic and exceptional Champagne. The Bouché family has been producing Champagne in Pierry for four generations, preserving and perfecting their 'House' style through the years. Their fruit is grown on the estate's 80 acres of hillside vineyards, located in the best terroir of Champagne. More than seventy-five percent of Bouché's vineyards are classified as *Grand Cru* (the highest quality classification) and follow strict, traditional guidelines as put in place by the AOC. Bouché's wide range of Champagnes have garnered many prestigious awards and praise, and consistently represent an elegant, delicate, and aromatic style.

The 2004 Bouché Père & Fils Champagne offers soft, complex aromas of candied fruit, brioche, and honey that beautifully complement the full, lively, and finely carbonated palate with flavors of spiced apples and lemon, fresh brioche, and almond cookie, with a hint of sweet cream on the finish. This is a rich and vibrant Champagne, and the perfect choice for any celebration!
